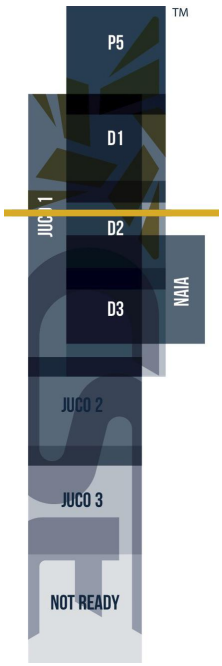
MENTAL GAME



Dominic, you received a 61 on your CSE.

WHAT THIS MEANS:

Your overall CSE score is a compilation all 6 traits that were evaluated. Based on the results from each category, tested through our scientific algorithm, you received a 61.

YOUR IMPACT RESULT: High NAIA, Low D2, Low JUCO 1

Impact: Along with starting, we forecast you could be a major component of the team and have the potential to change the outcome of games.

YOUR STARTER RESULT: Mid D2, Mid JUCO 1

Starter: We forecast you could start most games and will be expected to contribute consistent performance.

YOUR ROSTER RESULT: High D2, Low D1, Mid JUCO 1

Roster: We forecast you could receive some playing time, but will not be as consistent.

The results that you receive from this evaluation are based solely on how you performed in one day. There may be other factors that play into your skill level, and your score does not reflect your ability to improve or regress in other categories in future evaluation.

YOUR EVALUATOR

Jeff Harlow

Jeff Harlow has over 35 years of experience coaching and playing baseball. Harlow was the head baseball coach at Chaffey College in Rancho Cucamonga from 2003-2017. Additionally, Jeff has vast experience in player development to reach the goals of playing for four-year institutions and professional baseball. Harlow is a seven-time Conference Coach of the Year and has won seven conference championships. His career record at Chaffey College was 375-85 with seven big league players and numerous college scholarships.

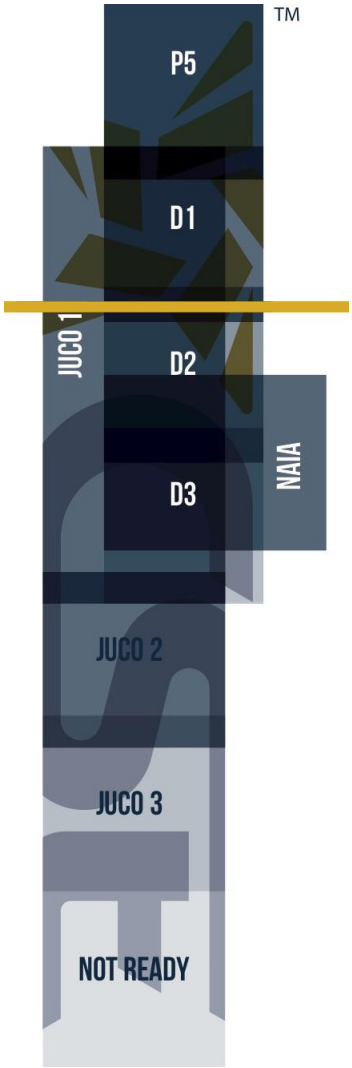
Measurement	Bat Speed (mph)	Rotational Acceleration (g)	Peak Hand Speed (mph)	Power (kW)
Value	65.50	20.00	20.60	3.84

Drill Evaluation

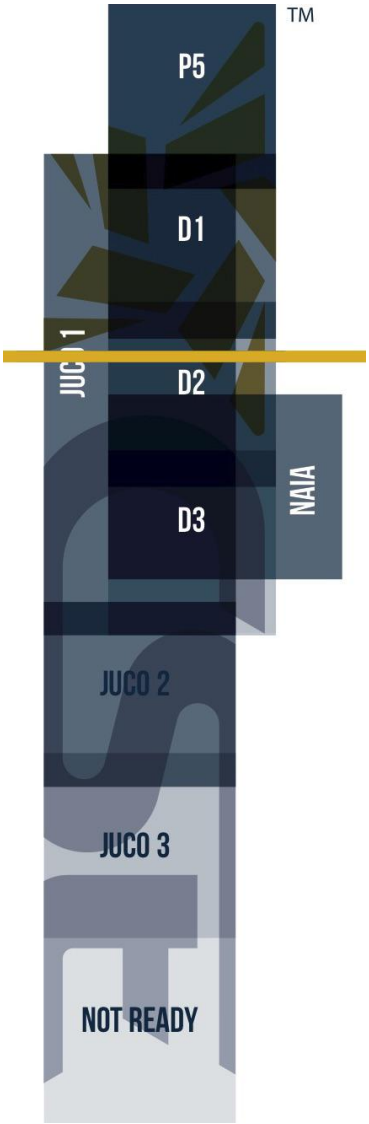
Batting Practice - Hitting for Power: Has an inside out swing and cuts himself off. He is open at impact wants to pull the outside pitch. Get the front foot down on time.

Tees - Hitting for Power: Has the tendency to tie himself up. Wraps bat, dips back shoulder, works up through the ball.

Live



Measurement	On-Plane Efficiency (%)	Attack Angle (deg)	Verticle Bat Angle (deg)	Connection At Impact (deg)
Value	61.00	6.00	-41.00	104.00



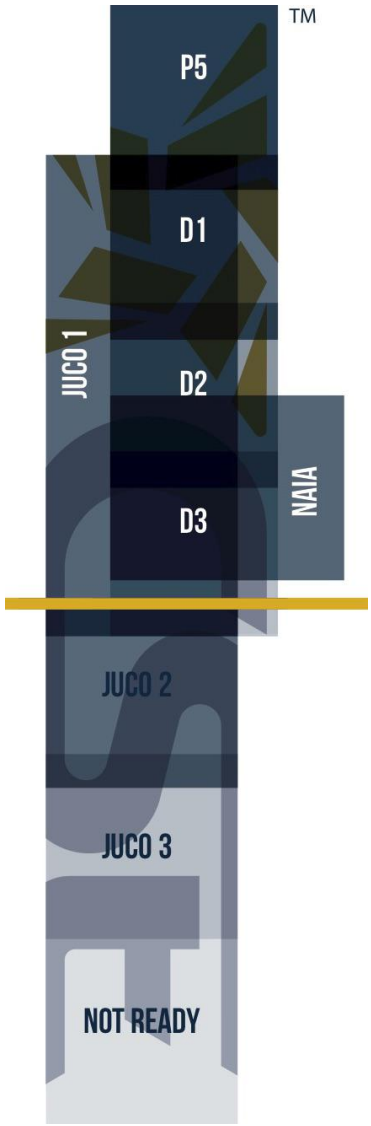
Drill Evaluation

Batting Practice - Hitting for Contact: When he is on time and the swing is flat, he will be a gap to gap hitter. Has the ability on a low inside pitch to get barrel through the zone when he doesn't wrap his hands.
Tees - Hitting for Contact: Has good pop overall. Needs to focus on flattening the swing, especially on the tees.

Live

FOOT SPEED

60yd Sprint	Time (s)
1	7.50
2	7.51



Drill Evaluation

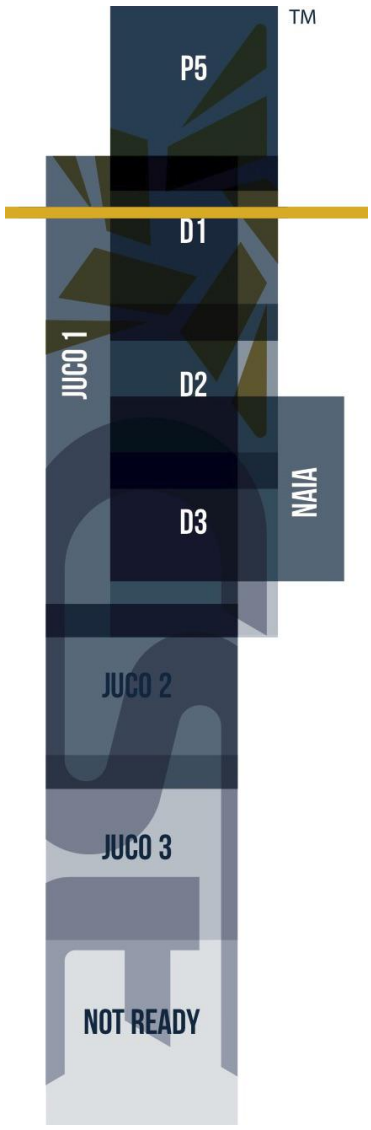
Foot Speed - Overall Comments: Home to 1st: 4.22, 3.98, 4.39. Slow first step needs to work on a better crossover. Pops up out of his secondary too quick.

Live

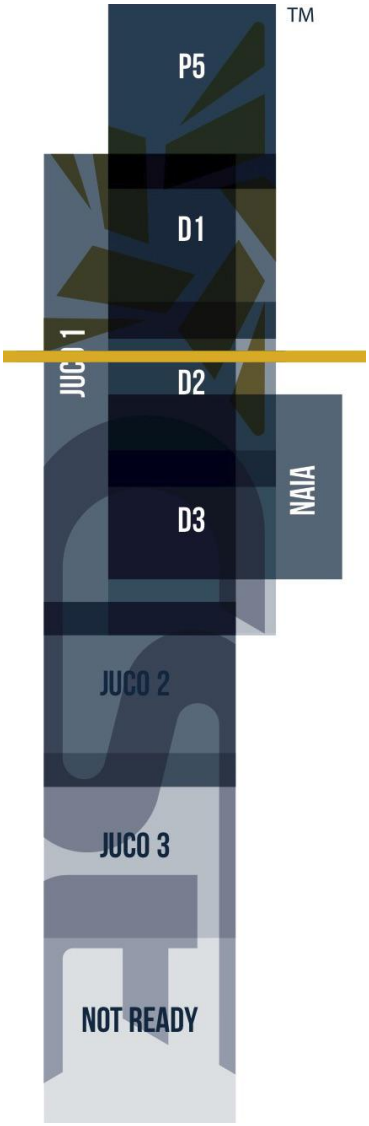
ARM VELOCITY

Throw	1	2	3	4
Velocity (mph)	78.00	77.00	80.00	81.00

Drill Evaluation



DEFENSE



Drill Evaluation

Throws to Bases - Throwing Ability: Above average ability to throw to bases from the field. Anticipation has a lot to do with his ability.
Throws to Bases - Glove Work: Good load on ground ball. Shows accuracy on throw from center to home on a bobble on a play to the plate. Looked to throw to second base instead of throwing it to the plate. Displays above average arm strength.
Dropsteps - Footwork: Has all the tools to do well. Tends to lose focus during instruction time but regained it later in the day. Stay focused throughout the day.
OF Lines - GB and FB - Fielding Ability: Goes back on the ball well, excellent athletic ability. Drops arm slot on some throws.
OF Lines - GB and FB - Throwing Ability: Anticipates the spot of the ball, found the track and fence well. Good speacial awareness good outfielder.
Throws to Bases - Footwork: see above
Situation Drills - Situational Knowledge: Did a nice job getting to balls that were his, as well as backing up outfielders when the ball was to them.
Situation Drills - Overall Execution: Above average. Strong throwing arm. Loads the ball properly on his throws that take him in the direction of the play.
