To whom it may concern,

I have known Brock Theilen for the past seven years. I first met Brock on the little league field when he was just ten years old. At the time, I was coaching little league and had been for several years. I immediately identified Brock as someone special. Brock was a talented young baseball player whom possessed a positive attitude and willingness to learn. These are traits Brock still maintains to this day.

For the past three years I have been fortunate enough and have had the privilege to coach Brock at the high school level. Through Brock's on-going commitment, dedication and hard work he was able to secure a position on the varsity team as a freshman. Since that time I have watched Brock continue to improve his skill set as he has matured both mentally and physically.

Brock's skills, knowledge of the game and tireless work ethic earned him the #1 position on our pitching staff this year. Brock backed this up with a 1.01 ERA and sixty two strikeouts in 55 innings pitched. When not pitching, Brock is a solid defensive first baseman who possesses above average power at the plate.

Brock is a talented young man who has not yet reached his baseball potential. He has success written all over him and I believe he will be an asset to any college program. If you have any questions about Brock please do not hesitate to contact me at 831-600-6563 or at grumpy136@sbcglobal.net.

Sincerely,

Mitch Medina

Assistant Varsity Coach

Santa Cruz High School Baseball
